2024-2025 Academic Term

Established 2003

The American Academy for Young Professionals (Gr. 6-12)

August 17, 2024

Dear Parent(s):

Welcome - Welcome!

It is indeed an honor to partner with you in the education and development of your young leader, through AA-YP.

For parents who embrace all that this education option provides, they will help their student soar and achieve outstanding academic achievements and results.

AA-YP facilitates creating pathways for a student to not only achieve academically, but in other ways that position them for success in middle school, high school, and entering college.

We **MUST** be a **COMMUNITY & TEAM** in this education process and everyone **MUST** **CONTRIBUTE & DO** their part! Our 2024-2025 theme is “ESTABLISHED for NATIONAL & GLOBAL IMPACT!”

It is thrilling to serve and create with God as He develops and positions HIS STUDENTS for advancement and continued success in education.

Once again, “WELCOME” to America’s Boutique Education Provider.

Serving Jesus & The NEXT Generation of Leaders,

Kevin G. Arrington

Kevin G. Arrington,
AA-YP Superintendent

2024-2025 Academic Term

STATEMENTS

- o **Vision Statement:** Within the next ten years, grow AA-YP into the premiere boutique education and leadership provider, increasing enrollment to 144 students by becoming known as the leader in creating and developing innovative education pathways which empowers each student from the greater Birmingham area to achieve and advance in school and beyond.
- o **Mission Statement:** Creativity, effectiveness, innovation, and simplicity are AA-YP's mission for middle and high school education in the 21st century. Boutique customization is the model and design which creates pathways and options for attaining student academic and leadership success - now and later.
- o **Philosophy of Education Statement:** Education is a GOD IDEA. You must define the purpose for a thing in order to design its' parts that make it function. This same principal applies to educating students. Each student has a unique purpose, and a school that understands this will be able to design pathways and methods to help each student function at their maximum potential to achieve success in education and leadership.
- o **Statement of Faith:** Having begun through the power of God and under Lifting Christ Worship Center, maintains the fundamental teaching of God's Holy Word and leadership of the Holy Spirit. We understand that AA-YP serves an education partner and resource to parents for the academic and leadership development of their students.
- o **Purpose Statement:** AA-YP exists as a boutique education ministry of the Lord Jesus to provide and create pathways for each student to grow and function at their maximum potential to achieve success in education and leadership development for entering high school and traditional two/four year college, trade school immediate employment, or entrepreneurship. Our chief goal is for these young professionals to prepare themselves to take their faith in God, education, and gifts/talents into the world to serve and do the greater works of Christ, by the power of the Holy Ghost, even NOW.

The American Academy for Young Professionals does not and shall not discriminate on the basis of race, color, religion (creed), national origin (ancestry), social status, economic status, or disability, in any of its' education operations or education activities.
