What This Form Covers

AA-YP's Artificial Intelligence Use Policy draws a clear line between where AI belongs and where it does not: students may use approved AI tools at home for research and pre-content preview, while direct instruction, discussion, writing, and all graded assessment remain fully teacher-led and AI-restricted in the classroom. This form records your family's choice about the at-home portion of that policy. The full policy is available from the Administrator's office and at www.aa-yp.org.

Your Choice — Select One

☐ **Option A — I CONSENT to my child's use of AA-YP-approved AI tools at home for research and pre-content preview, as described in Sections 3.1 and Appendix A of the AI Use Policy.**

☐ **Option B — I DECLINE (opt out). My child will receive equivalent non-AI preview materials from their teacher — reading guides, vocabulary lists, or study questions — with no effect on grades, standing, or access to instruction.**

Additional Consent for Students Under 13

Consistent with the Children's Online Privacy Protection Act (COPPA), a student under 13 may not be enrolled in an account on an AA-YP-approved AI platform without separate, verifiable parental consent. Complete this section only if you selected Option A above and your child is under 13.

☐ I am the parent or legal guardian of the student named above, and I provide verifiable consent for my child's account creation on AA-YP-approved AI platform(s), consistent with COPPA requirements.

Acknowledgment

By signing below, I acknowledge and understand that:

☐ All direct instruction, class discussion, writing instruction, and graded assessment remain fully teacher-led, regardless of my selection above.

☐ I may change this consent at any time by notifying the Administrator's office in writing; the change takes effect within five school days.

☐ A copy of AA-YP's full Artificial Intelligence Use Policy is available to me upon request and at www.aa-yp.org.
